Soil vapor study update mailing:

If you own property or live in or near the groundwater plume area (see map at <http://www.pca.state.mn.us/ax83hxxk>), you will receive a letter this week from the Minnesota Pollution Control Agency and Minnesota Department of Health. This letter will update you on what's been done so far with this project and a summarize next steps in the groundwater-cleanup process. The letter will also be posted to the project webpage later this week.

General Mills vapor study community office hours:

March 25, 4-6 p.m.
Van Cleve Recreation Center (901 15th Ave SE, Minneapolis)

This type of outreach is targeted for one-on-one communication with residents and property owners. Representatives from the Minnesota Pollution Control Agency, Minnesota Department of Health, Barr Engineering, and General Mills will be available to answer any questions, address concerns, and

make the sampling and mitigation access agreements available to review and sign. The format will be like an open house - attendees may come at any point during 4-6 p.m.

To see the updated sampling results map, as well as additional information on the project, visit <http://www.pca.state.mn.us/ax83hvk>.

The mission of the MPCA is to protect and improve the environment and enhance human health.
